

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

ELECTRICAL INDUSTRY SERVICE
BUREAU, INC., et al.,

Plaintiffs,

v.

T.J. WARD & ASSOCIATES
CONTRACTING INC,

Defendant.

Case No. [14-cv-01599-WHO](#)

**ORDER RE: CALCULATION OF
INTEREST**

Re: Dkt. No. 14

The Court has reviewed the papers in support of entry of a default judgment in this case and is prepared to grant the motion without a hearing. However, it is unclear whether plaintiffs accurately considered the effect of the bond payment on the calculation of pre-judgment interest. Presumably, the daily interest owed should have decreased after the bond payment was received. In addition, it appears that the post-judgment interest sought should be lower in light of the bond payment (ten percent of \$40,547.24 divided by 365, or \$11.11 per day rather than \$12.20). Plaintiffs are directed to file a supplemental declaration clarifying the appropriate calculation of these amounts by August 13, 2014.

IT IS SO ORDERED.

Dated: August 7, 2014

WILLIAM H. ORRICK
United States District Judge
